SERVICES

FULL SERVICE

Our Full Service package is the best gift you can give yourself - the gift of time. Let us handle the nitty gritty of event production so you can continue spending your time on all the other things you have going on in your lives.

What's included?

- ▶ Start to finish, we walk you through every step of the process: securing your venue(s), outlining a budget and planning timeline, sourcing and securing all vendors, full event design, incorporating unique elements and personal details, managing logistics and executing the wedding events.
- ▶ You never have to think about what's next in the planning process – we're your experts and guides, spreading out the planning so that it's an enjoyable and low stress experience.
- ▶ We have secured special pricing with many vendors, and we pass along these deals to you. Often this means \$1500+ in savings for the average wedding!
- ▶ We tend to work best with couples who value our design aesthetic and who want to deliver a memorable, polished guest experience.
- ▶ We take a limited number of Full Service contracts each year to provide you with the highest quality service.

INVESTMENT

Starts at \$10,200 with Jennifer Bergman as Lead Planner

Starts at \$8,400 for an experienced Lead Planner from Team JBW

All our services are custom quoted based on a variety of factors: location, guest count, time of year, complexity and number of events.

WEDDING DAY MANAGEMENT

is our version of “day-of” or “month-of” coordination. We arm you with resources up front, you do much of the planning legwork, then we step back in before the wedding to ensure everything runs smoothly and you can enjoy the final weeks leading up to your big day.

What's included?

- ▶ Planning resources to help make your experience as organized and stress-free as possible.
- ▶ Our curated Vendor Recommendations list tailored to your budget and wedding style. This includes our tried-and-true recommendations in all wedding vendor categories – from hair and makeup to music, transportation and everything in between.
- ▶ Exclusive Vendor Savings from our preferred partners on items such as décor and rentals, flowers, video, cake, limo service, bridal gowns, and more (upwards of \$1500 savings for the average wedding)!
- ▶ A 2-hour in-person consultation session that you may use at any point throughout the planning process. Some couples use this time to discuss general wedding questions or concerns, while others use it to focus on something more specific, such as floor plans and décor.
- ▶ We'll meet again for your Final Details Meeting 6-8 weeks prior to your wedding day to review all plans and discuss logistics. From this point forward, we take over the heavy lifting with open email communication, developing detailed itineraries and confirming arrangements with your venue(s) and all vendors before the wedding.
- ▶ We'll attend and coordinate your ceremony rehearsal, and seamlessly execute your wedding day. Our team sets up most ceremony and reception décor and is on site to orchestrate your wedding day until the party is well underway.

INVESTMENT

Starts at \$3,250

Optional add-on: late night décor teardown.

All our services are custom quoted based on a variety of factors: location, guest count, time of year, complexity and number of events.
